Portal Pro™

Product Code: 152F90

£610.00

(Ex Tax & Delivery)

OAKWORKS

As compact as portable massage tables are, few will fit comfortably into a cramped office or common area. Without a massage chair, you may be missing out on lucrative opportunities to expand your massage offerings. The Portal Pro by Oakworks is extremely lightweight at only 19 lbs., but is able to hold up to 350 lbs., almost 18 times its own weight. The secret to the Portal Pro?s outstanding strength to weight ratio is the combination of a tubular frame design and aircraft quality aluminum manufacturing. The Portal Pro also boasts 360 degree ergonomic access to the cervical, thoracic and lumbar

spine, as well as the scapula and shoulder regions, making it an excellent tool for maintaining proper body mechanics during even the most strenuous massage modalities.
