Spa Fusion - Lumina

Product Code: EA378B

POA

(Ex Tax & Delivery)

ET~LOTUS

A deeply immersive personal wellness experience. Lumina is a generously proportioned single-person wellness bath created around a large rectangular shell. White panels, discreet therapeutic jets, chromotherapy, electronic controls and premium waterfall tapware make it a distinctive choice for hotels, spas, wellness suites and premium residences. Each bath is configured around the ET-LOTUS foundations of water, air, light and sound, shaped around the user, operating environment and project.

BESPOKE PROJECT CONFIGURATION

Jet quantities, positioning, controls, finishes and supporting options are agreed following consultation. All selections are subject to technical review, bath-shell compatibility and the final project specification
