LEC
LIVING EARTH CRAFTS

The Nuage Pedestal +Studio is a must-experience! Featuring the smoothest electric-left actuator on the market today, a built-in warming drawer, embedded table warmer,

square corners, LED lighting, aluminium wrapping on the inside legs, and upgraded laminate, this treatment table has been designed for ultra-reliability and functionality for the therapist and the utmost in comfort for the client.

Now the luxurious Strata Cloudfill™ Mattress is supplied as standard with EarthConnect™, offering a healthier treatment experience with LEC's patent pending, grounding technology and EMF protection.

EarthConnect – LEC's EMF protection and grounding feature. A copper infused layer integrated into the mattress, blocks EMF generated by AC motors, while a conductive strip in the table's mattress connects both client and therapist to the grounded wiring built into the spa's electrical system. Grounding is believed to neutralize free radicals that accumulate in our bodies by reconnecting us to the Earth's electric potential, thus stabilizing the electrical environment of our organs, tissues, and cells and reducing acute and chronic inflammation.
