NILO SPA DESIGN

Introducing the new Shirobody treatment couch with Shirodara waterfall, designed to elevate the wellness experience through an innovative blend of massage and therapeutic water-based hair treatment. This versatile couch offers not only a unique water-based hair treatment, but also supports traditional Ayurvedic oil therapy,

enhancing relaxation and revitalisation in one fluid experience. Designed with a special focus on the specific needs of Ayurvedic therapies, the couch is equipped with a face hole, which ensures optimal posture during facial or back massages, while allowing free and natural breathing. The sturdy and stable structure is easily adjustable thanks to the backrest-lifting system, which allows the angle of inclination to be adjusted to provide greater comfort during sessions. High-quality upholstery materials ensure durability, easy maintenance and a pleasant feel, providing an unparalleled massage experience. This couch is an ideal investment for wellness centres, professional massage studios and Ayurvedic therapists, offering not only functionality, but also elegance and practicality.
