£17065.00

(Ex Tax & Delivery)

ISO BENESSERE®

EDEN is a professional wet-treatment table designed for hammam-inspired rituals, savonage, scrubs, draining protocols and signature spa treatments. Its heated, inclinable acrylic surface supports water-based body rituals with excellent hygiene and operational efficiency.

Near the client’s head, an integrated water cascade with alternating hot/cold jets

creates a refined contrast experience, while the thermoregulated hand shower allows easy rinsing of both the client and the surface. Chromotherapy, aroma and sound complete the multisensory wellness journey.
