POA

(Ex Tax & Delivery)

ONE HYPERBARICS

The World’s Only Smart Hyperbaric Chamber

Engineered for precision and optimised physical and cognitive function, delivering unmatched results and setting a new standard in hyperbaric therapy.

Science-Driven Innovation

Our technologies are backed by advanced research and proprietary protocols, ensuring scientifically proven enhancements in bodily performance and cognitive function.

Elite Industry Trust

Trusted by sports icons and leading health professionals to enhance recovery, performance and longevity.

The world's ONLY SMART Hyperbaric Chamber with guided protocols to optimise exercise recovery, fight inflammation, reverse cellular aging, promote better sleep, supercharge mental focus & memory created by the world's leading Hyperbaric Doctors.

Unbeatable comfort settings for unrivalled OXYGEN PURITY and PRESSURE CONSISTENCY - superior ventilation system means the best quality of pure oxygen throughout the treatment vs the maximum of 20 mins of pure oxygen you find in a soft-shell chamber Bespoke Health Journey, created and programmed for you.

Used by the world class athletes and clubs

One Hype are the manufacturers - no middle man and they do not label others chambers

Fully customisable - you can include high-tech features such as a TV, sound-system, infrared light, gaming system etc.
