SpaCaress Face Rest Platform

Product Code: B61B94

$99.00

(Ex Tax & Delivery)

LEC
LIVING EARTH CRAFTS

The SpaCaress™ is designed to complement Living Earth Crafts' professional spa treatment tables. This revolutionary cushion is an enhanced version of the original Caress™ facecradle that has been specifically designed to work in conjunction with thicker foam systems, such as the Strata™ 4-inch memory foam system and our 3.5-inch deluxe cushioning system. It features an elongated cushion and an additional layer of memory foam for comfort and function. The SpaCaress™ comes with all the same benefits as our standard Caress™ facecradle, including 8 SoftPetals™ that flex to

suspend the client's face while eliminating pressure points and reducing sinus pressure. Extended height adjustments and multi-angle adjustability provide ease of movement. For convenience, the SpaCaress™ folds underneath the table when not in use. The SpaCaress™ is designed to complement Living Earth Crafts' professional spa treatment tables.
