Incorporating the most advanced healing and relaxation technology available today, the striking Nuage Vector's™ Total Immersion Experience System™ (TIES) touches guests' every sense. This completely programmable all-electric salon table is a technological miracle. Intense chromatherapy lighting, embedded digital table warmer, acoustic resonance, embedded Bluetooth® stereo speakers, Apple iPad® control system, meditative nature journeys—this table has it all!

Now the luxurious Strata Cloudfill™ Mattress is supplied as standard with EarthConnect™, offering a healthier treatment experience with LEC's patent pending, grounding technology and EMF protection.

EarthConnect – LEC's EMF protection and grounding feature. A copper infused layer integrated into the mattress, blocks EMF generated by AC motors, while a conductive strip in the table's mattress connects both client and therapist to the grounded wiring built into the spa's electrical system. Grounding is believed to neutralize free radicals that accumulate in our bodies by reconnecting us to the Earth's electric potential, thus stabilizing the electrical environment of our organs, tissues, and cells and reducing acute and chronic inflammation.
