NELSON MOBILIER

Nelbyspa offers the perfect blend of functionality and comfort for your salon or beauty centre’s head spa experience. Designed with both hairdressers and beauticians in mind, this state-of-the-art equipment provides optimal working conditions while ensuring maximum client relaxation.

The spacious, ergonomic basin includes a removable headrest to maximize client comfort during treatments. There is the option of height adjustment and air-massage to

enhance the client experience. The dual elastic mattress provides exceptional comfort by conforming to each body.

Nelbyspa comes standard with a mixer and showerhead. Customize your spa with optional Aguacero or Source shower experiences, or upgrade to the Pluie showerhead. The lower structure is crafted from Alpaga 43 laminate with elegant silver profiles, and other laminate finishes are available upon request. Choose from a variety of upholstery colours in our standard range.
