Classic Rattan Laundry Basket

Product Code: 2F375C

£255.00

(Ex Tax & Delivery)

Must Have Bins

The use of natural materials and understated, elegant design make our classic Rattan laundry basket a must have bathroom, laundry or bedroom essential.

The laundry basket comes with a white linen liner that neatly hooks onto rattan clips on the inside for ease of transporting laundry to the washing facilities in your home. There are also sturdy postbox-shape handle holes on either side of the basket near the rim and a lid with a smart round handle at the centre.

Made using traditional weaving techniques by women in rural Vietnam, this laundry basket demonstrates the beauty and practicality of sustainably grown Rattan. The plain, tight weave offers a neat solution to ensure your laundry is held out of sight in an elegant piece of home furnishing.

This laundry bin is available in the soft honey hue of the Rattan it’s crafted from and makes the perfect finishing touch for rooms featuring natural, raw materials.
