SoftWear
a touch of luxury

Our treatment towels, now in a superior 400gsm blend of cotton and polyester, redefine spa luxury with their quick-drying and lightweight features.

These towels, ingeniously woven from a blend of cotton and polyester, are designed for the utmost in comfort, speed, and sustainability. They significantly outperform traditional towelling by drying 40% faster and absorbing 65% fewer treatment oils, ensuring your spa treatments are both indulgent and efficient.

Ideal for wrapping clients or enhancing relaxation spaces, these towels are available in two sizes: 150 x 220cm for a standard fit and 150 x 240cm with a head hole, both tailored for deluxe treatment couches. Offering versatility, they feature dual-sided functionality with plush polyester on one side and soft cotton towelling on the other.
