OAKWORKS

Introducing the Costa Cabana Lounger, where comfort meets sociability for protected outdoor settings. Inspired by NASA's ergonomic principles, its curved and tilted design ensures unparalleled comfort, further elevated by our plush 4" AeroCel padding system. It is not intended to be used around pools or other water amenities where it will be exposed to water a significant amount of time.

Whether it graces a spa retreat, private oasis, or high-end hotel, each lounger is

meticulously crafted in our factory to align with your desired colour and material specifications.
