(Ex Tax & Delivery)

GHARIENI

The first of its kind, this multi-functional powered bed is truly unique and innovative in its design. 5 distinct actuators allow multi use functions in the spa environment

including, pedicures, manicures, hair services, facials and makeup application.

Fully adjustable components include the seat, backrest incline, legrest height and length with 2 easily programmable and 2 preset memory positions. The 5 actuators move into desired positions automatically and the seat swivels right/left for easy client access. The removable headrest allows for hair services including shampooing and the back inclines for convenient aesthetic access.

Composed of high quality and durable white Corian for the base and housing with white leather like upholstery for the seat which is standard. Other colours are available and can be customized upon request.
