Maletti GROUP

HUB - HairUpBeauty - is the new Maletti Group wash unit that allows hair washing anywhere, as it is equipped with an integrated water system with double pump for mixing clean water, and a macerator pump for draining. The power supply can be electric or though lithium battery (optional) with duration of up to 20 cycles of use. It has two storage compartments and a central one for easy access to the water tank. Four swiveling wheels, two of which are braking, to be easily carried on any type of flooring

(including carpet).

Perfect for in-room services, and also in care homes and clinical environments.
