LIVING EARTH CRAFTS

The Mind-Sync™ Harmonic Wellness Lounger marries scientifically proven, Vibro-Acoustic sound wave therapy with perfect Zero Gravity positioning to achieve

unprecedented levels of relaxation and theta sleep states in users of the Mind-Sync chair. Six beneficial therapy programs in the categories deploy binaural beats, gamma sound waves, and acoustic resonance therapy focused on the Vagus nerve, which links to the para-sympathetic control system of the heart, lungs, and digestive tract. Full spectrum sound waves resonate through four channel high fidelity transducers mounted strategically in the chair frame to achieve unprecedented levels of stress reduction and cellular level harmonic synchronization. Numerous medical studies have proven the effectiveness of this stress reduction treat
