Milwheel Shower

Product Code: 4E3E6C

POA

(Ex Tax & Delivery)

KURLAND
STORY OF MY NATURE

The extraordinary wooden Millwheel Shower is powered by water and is an incredible functional & visual feature for any spa and wellbeing centre. The water although apperaing to come from the millwheel itself, is actually distributed by an external water source releasing cold and warm water at intervals to ensure the guest is fully refreshed and cleansed between hot thermal experiences.
