Halo Crystal

Product Code: 4FA700

£5285.00

(Ex Tax & Delivery)

ISO BENESSERE®

HALO CRYSTAL is an architectural Himalayan salt crystal feature designed for luxury spas, hotels, private residences, wellness centres and relaxation areas. Enclosed within four tempered glass panels, natural Himalayan salt crystals are enhanced by integrated

radiant heating, controlled ventilation and LED atmospheric lighting, creating a striking focal point that combines design, warmth and ambience.
Its elegant freestanding structure transforms any wellness environment into a refined architectural space while gently circulating air through the Himalayan salt crystals to enrich the sensory atmosphere. HALO CRYSTAL is equally suited to spa relaxation lounges, hotel wellness suites, luxury residential interiors and premium hospitality projects
