LEC
LIVING EARTH CRAFTS

The Insignia Waverly™ Multi-purpose Treatment Table’s striking design aesthetics and

operational excellence enable a broad range of spa and medi-spa treatments. The precision crafted fluted hardwood panels create a beautiful 3D aesthetic to the elegant cabinet. The replaceable, ultra-luxurious Strata Cloudfill™ Mattress will impress the most discerning spa clients with its lavish comfort.

LEC’s proprietary Flo-Tech™ whisper-quiet all-electric actuators swiftly whisks clients into perfect positioning with nearly imperceptible height and top adjustments. The highly ergonomic Insignia Waverly features the industry’s largest height range and therapist protecting anti-entrapment sensors. Built-to-order and fully customizable.

* Image with GelTech Spa Mattress
Now the luxurious Strata Cloudfill™ Mattress is supplied as standard with EarthConnect™, offering a healthier treatment experience with LEC’s patent pending, grounding technology and EMF protection.

EarthConnect – LEC’s EMF protection and grounding feature. A copper infused layer integrated into the mattress, blocks EMF generated by AC motors, while a conductive strip in the table’s mattress connects both client and therapist to the grounded wiring built into the spa’s electrical system. Grounding is believed to neutralize free radicals that accumulate in our bodies by reconnecting us to the Earth’s electric potential, thus stabilizing the electrical environment of our organs, tissues, and cells and reducing acute and chronic inflammation.
