Soft-Pack® System Day Spa

Product Code: 52EE71

POA

(Ex Tax & Delivery)

KURLAND
STORY OF MY NATURE

A compact fibreglass version of the Soft-Pack System. The treatment delivery is simple yet the possiblities are limitless. This is how it works - the client lies on a taught plinth and products are applied to the body by the therapist before they are wrapped and 'lowered' gently into a bath of warm water. The client remains dry (hence the name dry floatation) and the bodies suspension in water soothes muscles, elongates the spine and relaxes the mind. The products you select to apply can vary from mud, cremes and salts and the benefits will be accelerated due to the warmth of the water. You can add value

with a scrub, facial or gentle massage to the body & feet or enhance the sensory experience further with a range of underwater music and vibration accessories. A classic spa treatment for hotel spas, wellness centres, day spas & salons.
