The ultimate in luxury, the Celesta®'s exquisite contemporary design, superior comfort and fully electric functionality will transform the spa experience from the mundane to the extraordinary. The combination of great guest experience and superior functionality are the reason it is found in 5 Star Hotel Spas around the world. With customizable cabinet doors and a standard power strip to make the table hot towel cabi ready, you'll have everything you need at arm's length while complementing your spa's decor. The versatile Electric Salon Top is the perfect option for those who want the full functionality

of a completely electric table. You never need to struggle to properly position a client again, because the electric salon top does most of the work for you. The replaceable top pad features our super high density lower foam layer to prevent bottoming out and the extra length in the seat ensures that every guest is comfortably supported. Optional armrests are a smart choice for this top; giving the table the feel of a comfortable recliner and making your clients feel as relaxed. With the stabilizing linkage system, the armrests adjust automatically, ensuring level support no matter what the position of the backrest. This keeps the client's arms level and in a comfortable position.

Optional armrests are a smart choice for this top; giving the table the feel of a comfortable recliner and making your clients feel as relaxed in your office as they would in their own living room. And thanks to the stabilizing linkage system, the armrests adjust automatically, ensuring level support no matter what the position of the backrest. This keeps the client's arms level and in a comfortable position.

Advanced Body Comfort (ABC) System now available on this bed.
