Lemi
ITALIAN WELLNESS EQUIPMENT

Venice Head Spa is LEMI’s multifunctional treatment table that combines massage, manicure/pedicure, and head spa rituals in a single luxury solution. Featuring an integrated pedicure tub and a retractable shampoo bowl, it transforms the treatment room into a versatile and refined space. The fully electric system ensures precise and ergonomic adjustments, offering total comfort for the client and maximum practicality for the
operator. With its Made in Italy design and integrated technologies, Venice Head Spa

redefines the wellness experience, perfectly suited for spas, resorts, and beauty centers seeking both functionality and elegance.
