Contemporary. Sculptural. Enveloping. Java is the grand style chaise longue that welcomes the body completely and provides deep relaxation.
Java is the designer chaise longue by C.O.D.E. that conquers at first glance with a contemporary silhouette and a refined play of solids and voids. Strong lines and light proportions define a presence of great style, ideal for spas, lounges and wellness environments where aesthetics and comfort must coexist in perfect balance. A professional chaise longue that welcomes the body completely and transforms waiting

and rest into deep, full and continuous relaxation.

Java is a wraparound chaise longue, designed for indoor environments, with a stainless steel frame and walnut sidebands. The built-in headrest cushion and extensive customization of finishes and materials make Java the perfect solution for an elegant and high-performance lounge experience in any environment. The sensory experience is complemented with integrated biotechnologies, such as Far Infrared Ray warm-up and immersive sound system.

A professional chaise longue for spas, relaxation areas, and luxury wellness environments, Java by CODE stands out for its balance of elegant design, ergonomic comfort, and build quality. Made with certified materials and premium finishes, it is appreciated by hotels and wellness centers for its versatility, ease of use and ability to integrate naturally into contexts dedicated to relaxation and well-being.
