spalogic
the architecture of wellness

Gravity is a Hair Spa shampoo bed designed to offer maximum comfort and functionality in a professional environment. Its structure features electronic adjustment, allowing the bed to be easily raised and lowered to meet the specific needs of both the client and the professional. This electric adjustment system ensures personalized comfort and ease of use during treatments. The bed is upholstered in an innovative material that combines durability with a refined aesthetic. This covering not only ensures long-term resilience

but also adds a touch of elegance, seamlessly fitting into any salon environment. Another comfort-enhancing feature is the rubber neck rest, designed to provide ergonomic support during use, making the client’s experience more enjoyable. The combination of high-quality materials and ergonomic design makes Gravity the ideal choice for professionals seeking functionality, style, and comfort in one product.
