OAKWORKS

Strong Investment: Unbeatable strength, advanced client access all the way around the table, light weight portability, and aluminium frame make this the perfect choice for poolside and beachside massage treatments. The heavy-duty aluminium frame handles exposure to the elements, such as salt and humidity, better than wood, while providing a generous, sturdy work surface perfect for massage and simple bodywork. Add our Aero-Cel™ padding for luxurious client comfort and our table cart plus accessories and you have the ultimate mobile massage offering.
