Spa & Salon Furniture

The Marut is Esthetica's premium four-motor electric treatment table, built for the demands of hotel and resort spas. Electronic adjustments for the backrest, legrest, height, Trendelenburg, and reverse Trendelenburg put complete control at the therapist's fingertips. Gas spring-assisted armrests that lower and swing sideways create the freedom to work with precision and ease, while a detachable footrest extends versatility to foot massage and pedicure treatments — making the Marut equally at home across every service on the spa menu.
