VITAJUWEL

When thinking of the best way to display our beautiful hand-crafted vials we knew we had to create something elegant, affordable, easy to use and safe. Our Era Decanters and vials are a match that could only be made in heaven. Our Era Decanter Sets allow your entire home or office to experience gem water in the best way possible and is a major conversation piece for any get together or event. Our Era Decanter looks perfect on any counter top or kitchen table as well as office break room or conference space. The Era is also dishwasher safe, easy to assemble and disassemble for washing, and allows the vial to be showcased in a safe way. Let our hand-tailored Era Decanter Set provide a vibrant and exclusive setting for our gemstone vials and maximize usability. A gem water set to start a new era in the preparation of gem water.

This well-balanced composition has already been used for several hundreds of years to inspirit water by countless people all around the world. Experts claim that Amethyst stimulates the mind and soothes emotions. Rose Quartz fosters tranquility and harmony. Clear Quartz is a stone for clarity and perception. As a combination, they're used for their wonderfully invigorating effect. WELLNESS is the best “everyday water”. Most customers find it to taste smooth and mild. If you're unsure, with which VitaJuwel blend to start your collection, choose this one.
