OAKWORKS

The Clinician™ Series just got better, and now comes standard with a removable and replaceable padded top. The Flat Top option is all that you need for some massage modalities and is the most affordable top option available from Oakworks. Our selection of padding and upholstery choices all but guarantee that your clients will enjoy every second of their massage experience and our superior construction ensures lasting quality at an unbeatable price. This manually adjustable spa table saves electricity, and the strength of Oakworks' Interlock leg extension system gives you the stability that

guarantees you and your client's peace of mind. The Adjustable Lift system is the most economical choice for your practice, and it features an open shelf underneath to store all of your massage equipment and accessories. The Oakworks leg extension system uses one adjustment knob instead of two, making adjustments easier without compromising the strength or integrity of the table. The knob itself is reinforced with a t-nut and surrounded by a padded rubber grip that is designed to resist dirt and oil accumulation. A convenient storage shelf provides the perfect place for accessories, lotions, oils or anything you need close at hand. Upgrade to the optional cabinet allowing you to choose door designs to create exactly the look you want.
