Lemi
ITALIAN WELLNESS EQUIPMENT

Nettuno is the “under the rain” bed specifically designed by LEMI to perform hydrotherapy spa treatments thanks to its seamless mattress, carefully selected to resist water action. The base is made of a waterproof material and has two columns electrically adjustable through a practical remote control that permits height, back, legs and tilting adjustment, allowing the operator to perform different treatments with maximum comfort for the customer.

Nettuno features a seamless, waterproof, facehole mattress with an exclusive upholstery, whose material and special finish guarantee easy-cleaning and hygiene. Its extraordinary structural qualities will persist through the years. Specially selected for its water resistance, it is particularly suitable for hydrotherapy spa treatments.
