TheraFace Mask Glo

Product Code: B63C07

POA

(Ex Tax & Delivery)

Therabody

TheraFace Mask Glo LED face mask combines 504 red, infrared and blue LED lights with a gentle scalp massage to increase circulation and relieve tension in just 12 minutes a day. Clinically proven to reduce under-eye wrinkles and fine lines, enhance radiance, and lift sagging skin in as little as 8 weeks.[1]

TheraFace Mask Glo delivers full-face coverage, delivering clinically proven light therapy evenly across the entire face — unlike many LED masks that leave wrinkle-prone areas, where signs of aging often appear first, uncovered — like around the eyes and mouth.

Clinically-proven benefits

Visibly reduces the appearance of fine lines and wrinkles without in-office treatments

Firms skin, enhances facial contour and helps reduce the appearance of sagging, loose skin

Improves skin tone evenness and texture with visible dark spot lightening
