SleepMask

Product Code: B63C08

POA

(Ex Tax & Delivery)

Therabody

This ultra-comfortable, 100% blackout eye mask features 3 quiet, soothing vibration patterns that are scientifically proven to help you fall asleep faster, stay asleep longer, get deeper sleep and wake up less throughout the night.[1]

Sleep more soundly with 3 adjustable vibration patterns

Gentle, rhythmic vibrations help relax the body so you can fall asleep faster and get more restful sleep. Select from three soothing vibration patterns, each with adjustable intensity levels, to enhance your sleep experience and improve overall sleep quality.[2]

Total blackout with unmatched comfort

Transitioning from light to dark boosts melatonin and supports your circadian rhythm for better sleep quality, while our soft, breathable fabric conforms to any face shape. Perfect for flights, road trips or hotel stays, the SleepMask is lightweight, portable and includes a travel pouch.

Science-backed benefits

20% improvement in overall sleep satisfaction

33% decrease in tossing and turning at night

18% improvement in staying asleep throughout the night
