Insignia Vector™ Treatment Table

Product Code: C5E199

£7225.00

(Ex Tax & Delivery)

LEC
LIVING EARTH CRAFTS

The groundbreaking Nuage Vector™ takes it up a notch--incorporating the latest in modern base design into LEC's already popular Nuage™ treatment table collection. The Nuage Vector™ features proprietary Electra-Glide™ lift actuators--the quietest, smoothest, electric-lift actuators on the market today--an embedded table warmer, and an innovative Softstop™ feature for super-smooth upward and downward movement. Designed for ultra-reliability and minimal maintenance requirements, it is a functional, yet stunning addition to any spa environment.

Now the luxurious Strata Cloudfill™ Mattress is supplied as standard with EarthConnect™, offering a healthier treatment experience with LEC’s patent pending, grounding technology and EMF protection.

EarthConnect – LEC’s EMF protection and grounding feature. A copper infused layer integrated into the mattress, blocks EMF generated by AC motors, while a conductive strip in the table’s mattress connects both client and therapist to the grounded wiring built into the spa’s electrical system. Grounding is believed to neutralize free radicals that accumulate in our bodies by reconnecting us to the Earth’s electric potential, thus stabilizing the electrical environment of our organs, tissues, and cells and reducing acute and chronic inflammation.
