BENTLON

The Vapozone Bronze is our most basic variant, but it certainly doesn’t compromise on quality. This steamer is mounted on a stable stool base and offers an ozone function with a single power setting. With a generous 1.75-liter reservoir and an easily activated power function, the Bentlon Vapozone Bronze ensures simplicity and effectiveness. It’s important to note that this Vapozone cannot be equipped with an herbal reservoir. Choose efficiency and reliability with the Bentlon Vapozone Bronze.
