(Ex Tax & Delivery)

akt GROUP

Welcoming. Contemporary. Sophisticated. The CoCo Wet Table massage table creates a spectacular and impeccable environment, combining functionality and charm.

In CoCo Wet Table, design doesn’t just dress well-being: it

guides it, enhances it, preserves it. Designed for the most sensorial rituals — between water, oils and expert manual skills — this massage table welcomes every treatment with impeccable elegance, thanks to fluid-resistant surfaces designed to remain perfect over time. Icon model of the C.O.D.E. Collection, CoCo Wet Table blends tailoring, technological research and visual lightness in a discreet presence, capable of elevating the treatment experience to a new standard.

CoCo Wet Table is an experience. Fully covered in Dekton® by Cosentino® and fully customizable, this massage table is dedicated to treatments in humid environments or with water. The bed frame is fixed and the 10 cm mattress is made of draining foam and completed by an independent headrest. For an amazing professional massage bed. Find out in every detail.
Electric massage table, perfect for spa cabins, beauty salons and private beauty farms, CoCo Wet Table stands out for the perfect combination of functionality and customization. Made from certified high-quality materials, it is appreciated by operators around the world for its comfort, ease of use and aesthetic appearance.
