Curva SoVi Lounger

Product Code: F128D8

£4865.00

(Ex Tax & Delivery)

OAKWORKS

The Curva Lounger with SoVi VibroAcoustic System creates the perfect balance between comfort and relaxation. The NASA inspired curve and tilt creates an incredibly comfortable position that is enhanced by our cloud soft 4" AeroCel padding system. The SoVi system’s flexible design allows it to be used in many different ways and with many different forms of content: music, guided meditations, advanced binaural beats content, and content intended for use in vibroacoustic devices. There are several different inputs that allow you to choose the method that best suits your situation. SoVi features built in stereo speakers that allow you to utilize the system with or without

headphones, making it an excellent solution for use during massages and other modalities where headphones would get in the way. 8 vibration elements are embedded in the pad with 4 each on the left and right stereo channels.

Swell Spa is a therapeutic sound app designed for the hotel and spa industry, for use in treatment rooms, for relaxation and in bedrooms. Created by the award-winning Swell Studio comprising musicians, music psychologists and sound therapists, it enables purpose-driven, end-to-end 'sound treatments' that are choreographed to the customer taste or treatment menu, ensuring a distinct, unique, and personalised sound experience every time.
