The Mahit is Esthetica's premium four-motor electric treatment table, built for hotel and resort spas. Electronic adjustments for the backrest, legrest, height, Trendelenburg, and reverse Trendelenburg put complete control at the therapist's fingertips. Gas spring-assisted armrests that lower and swing sideways, a manually adjustable headrest, and a detachable footrest give therapists the freedom to work with precision across massages, facials, pedicures, and foot treatments — making the Mahit as versatile as it is refined.
