£990.00

(Ex Tax & Delivery)

Keep your treatment towels at the perfect temperature!

Enhance your client’s spa or salon experience with the Taiji convertible cabi. This cabi can be used either hot or cold and can warm or cool up to 25 face towels at once. Taiji allows you to interchange between functions; temperatures range between 70-80 degrees Celsius when using the heat function, and between 7-10 degrees Celsius when

using the cool function. This efficient piece of equipment will speed up your treatment times and ensure you will always be prepped with enough towels as required.

Portable design can be easily transported - Ideal for both in-house and mobile therapists, the convertible cabi can be easily moved between treatment rooms and between clients.

This convertible cabi is a 220-240W is available in single and double door options, be sure to suit your therapist’s needs and maximise storage space. It’s modern and neutral white design will fit seamlessly into your salon or spa décor for a professional aesthetic. Comes complete with a drain tray to ensure all the excess water and steam is filtered out.

The convertible cabi from Taiji is specifically manufactured out of chemical resistance plastic. This enhances the cabi’s durability and ensures it is incredibly robust – this unique feature is only available with this Taiji convertible and makes it a remarkable piece of equipment. Designed especially to meet the needs of busy salons and spas.
