POA

(Ex Tax & Delivery)

ET~LOTUS

Our latest luxury bespoke spa hydrotherapy and chromotheraphy bathtub system combines ‘eye catching’ elegance and performance. Designed to be either a free-standing solution or inset into a luxury bathroom. Developed for low maintenance and perfect for residential and commercial use.

The system zones allow the bather to fully control the spa environment to create that perfect massage experience. Spa fusion brings together the benefits of Chromotherapy and music to provide that truly therapeutic spa delight. Various configurations of water and air jets available allowing for soft touch response.
