

MLW Amphibia Welnamis

Product Code: 2F884E

\$19895.00

(Ex Tax & Delivery)

The Gharieni MLW Amphibia by itself is already a real stand out due to the incredible features such as color ambiance and ultimate waterbed comfort. When you add the Welnamis system, it truly becomes a memorable and unique treatment experience. The Welnamis treatment experience provides the key benefits of mindfulness, meditation and deep relaxation.

Specially composed music applied through gentle acoustic waves with binaural sounds, works to release stress during either a 30 or 60 minute sound therapy treatment.

Based on the Quantum Harmonic sound technology, this treatment features precise and complex audio frequencies matched to the organs and energy centers (chakras) of the body. The treatment can be experienced via the Noise Cancelling Stereo Headphones or integrated speakers in the head rest.

The Welnamis System promotes intense body and muscle relaxation within a few minutes when used in combination with the highly efficient oscillation massage system integrated within the lying surface. Refreshing and revitalizing, this treatment is unique in its technology and approach.
