

Tumbona Style Heated Lounger

Product Code: 3C6BD1

\$3250.00

(Ex Tax & Delivery)

Thermal lounger for relaxing or resting areas, particularly suitable to combine with the use of sauna, steam bath, and hydrotherapy sessions. Made of phenolic marine grade plywood structure and high pressure laminate (HPL) sheeting covered in 15 x 15 mm gloss mosaic tiles using highly effective elastic and impermeable adhesive. The thermal lounger is available in red, black, or white mosaic tiles. Personalized colors are also available. It incorporates an automatic and programmable internal heating system for continuous professional use. The digital display temperature controller keeps the temperature constant and uniform. Great design and totally ergonomic, with a phenolic marine grade plywood structure and backed in high pressure laminate (HPL) sheeting. Suitable for humid places and indispensable in relax zones.

Combined heat and ergonomic bring numerous therapeutic benefits:

- * Relaxes the whole muscular system
- * Stimulates metabolism
- * Improves circulation system
- * Intensifies the sense of well-being after other therapies.
