

## Mind-Sync™ Harmonic Sleep Lounger

Product Code: 42525A

**\$9950.00**

*(Ex Tax & Delivery)*

The Mind-Sync™ Harmonic Sleep Lounger marries scientifically proven, Vibro-Acoustic sound wave therapy with perfect Zero Gravity positioning to achieve unprecedented levels of relaxation and theta sleep states in users of the Mind-Sync chair. Nine beneficial therapy programs in the categories deploy binaural beats, gamma sound waves, and acoustic resonance therapy focused on the Vagus nerve, which links to the para-sympathetic control system of the heart, lungs, and digestive tract. Full spectrum sound waves resonate through four channel high fidelity transducers mounted strategically in the chair frame to achieve unprecedented levels of stress reduction and cellular level harmonic synchronization. Scientifically Proven Vibro-Acoustic Therapy Reduces Stress and Promotes Relaxation - Harmonic resonant waves are directed along the Vagus nerve line, which links to the para-sympathetic control system of the heart, lungs, and digestive tract. Numerous medical studies have proven the effectiveness of this stress reduction treatment.

Clinically Tested. Mind Sync™ vibro-acoustic therapy reduces stress, anxiety and promotes sleep. Over 13 years of clinical studies by independent research institutions including US Military's Institute of Surgical Research and Thomas Jefferson University (2020) have measured and documented the impressive benefits of Mind-Sync's vibro-acoustic technology. See links below for all details.

A study conducted by the US Military on actively deployed medical personnel using

Mind-Sync's guided meditation content showed the following results:

49% reduction in stress

48% improvement in sleep quality

97% improvement in mood

25% reduction in anxiety

In addition, a 2011 study by an addiction research facility in the US, found a 60-70% reduction in symptoms such as Anxiety, Stress, and Depression after each 24-minute session.

These findings were further corroborated by a clinical study conducted by one of the nation's leading eating disorders clinics that showed a 40-60% reduction in Anxiety, Stress, and Depression, post treatment.

## Features:

- ✔ Six programs in three popular treatment categories: Vibrational Wellness, Sleep Therapy, and Restorative Meditation. Treatment options ranging from 20 to 60 minutes.
- ✔ Premium, noise-cancelling Headphones
- ✔ Adjustable Zero Gravity comfort – Fully adjusted luxury lounge promotes unprecedented relaxation, recovery, and ability to sleep.
- ✔ Versatile Revenue and Experience Enhancing Equipment – Multi-purpose, multi-modality revenue generation opportunities exist for both attended and unattended treatments.
- ✔ Electronic back and foot adjustments for perfect zero gravity positioning
- ✔ Convenient USB charging port
- ✔ Choice from NaturesTouch range of Upholstery
- ✔ 10" Touch Screen control system
- ✔ Completely unattended wellness treatment chair - Intuitive touch screen control system eliminates the need for attendants.
- ✔ Powerful, full spectrum sound waves - Four powerful 80 watt per channel transducers create an unprecedented harmonic experience.
- ✔ Built-to-order and Hand Upholstered
- ✔ Luxurious double needle stitched cushions with lush Cloudfill™ polygel
- ✔ Soft start / soft stop whisper-quiet, UL-listed motors
- ✔ Choice of Woodstains

## Specifications:

- ⚙ Width: 33" (84 cm)
- ⚙ Length, fully reclined: 63" (160 cm)
- ⚙ Voltage: 110v or 220v
- ⚙ Height, upright: 48" (122 cm)
- ⚙ Length, upright: 54" (137 cm)

## Optional Extras:

- ⊕ Upgrade to Promessa upholstery + \$725.00
