

Non-surgical Face Masks

Product Code: 43CF7D

POA

(Ex Tax & Delivery)

This washable mask is made from 100% natural cotton and is made of 3 layers. The outer and inner layers are made of cotton with a synthetic fabric middle layer which provides improved breathability and protection from moisture and droplets. This mask will help provide a layer of air filtration.

The mask is pleated to help create a shape for the mask and make it more comfortable to wear.

Recommended washing temperature 60C. This mask can be repeatedly washed and reused.

MINIMUM ORDER QUANTITY - 6 units
