

Insignia Waterfall™ Multi-purpose treatment table with replaceable mattress

Product Code: 4FA728

\$7795.00

(Ex Tax & Delivery)

The versatile Insignia Waterfall™ enables a broad range of spa and medi-spa treatments

in a single room, while the striking Corian® trim in Grey Onyx encases a Mid-Century modern cabinet reminiscent of Frank Lloyd Wright. The replaceable, ultra-luxurious Strata Cloudfill™ Mattress will impress the most discerning spa clients with its lavish comfort.

LEC's proprietary Flo-Tech™ whisper-quiet all-electric actuators swiftly whisks clients into perfect positioning with nearly imperceptible height and top adjustments. The highly ergonomic Insignia Waterfall features the industry's largest height range and therapist protecting anti-entrapment sensors. Built-to-order and fully customizable.

Now the luxurious Strata Cloudfill™ Mattress is supplied as standard with EarthConnect™, offering a healthier treatment experience with LEC's patent pending, grounding technology and EMF protection.

EarthConnect – LEC's EMF protection and grounding feature. A copper infused layer integrated into the mattress, blocks EMF generated by AC motors, while a conductive strip in the table's mattress connects both client and therapist to the grounded wiring built into the spa's electrical system. Grounding is believed to neutralize free radicals that accumulate in our bodies by reconnecting us to the Earth's electric potential, thus stabilizing the electrical environment of our organs, tissues, and cells and reducing acute and chronic inflammation.
