Product Code: 4FA72B

$7895.00

(Ex Tax & Delivery)

LEC
LIVING EARTH CRAFTS

The Insignia Modern™ Multi-purpose Treatment Table enables a broad range of spa and

medi-spa treatments in a single room. It features the Pro Salon’s immensely popular Mid-Century hardwood cabinetry style with all the innovative features of the Insignia line. The replaceable, ultra-luxurious Strata Cloudfill™ Mattress will impress the most discerning spa clients with its lavish comfort.

LEC’s proprietary Flo-Tech™ whisper-quiet all-electric actuators swiftly whisks clients into perfect positioning with nearly imperceptible height and top adjustments. The highly ergonomic Insignia Modern features the industry’s largest height range and therapist protecting anti-entrapment sensors. Built-to-order and fully customizable.

Now the luxurious Strata Cloudfill™ Mattress is supplied as standard with EarthConnect™, offering a healthier treatment experience with LEC’s patent pending, grounding technology and EMF protection.

EarthConnect – LEC’s EMF protection and grounding feature. A copper infused layer integrated into the mattress, blocks EMF generated by AC motors, while a conductive strip in the table’s mattress connects both client and therapist to the grounded wiring built into the spa’s electrical system. Grounding is believed to neutralize free radicals that accumulate in our bodies by reconnecting us to the Earth’s electric potential, thus stabilizing the electrical environment of our organs, tissues, and cells and reducing acute and chronic inflammation.
