

Century City Low-Range with Digital Warming Drawer

Product Code: 514A70

\$9295.00

(Ex Tax & Delivery)

This spa treatment table is the latest innovation from LEC featuring the industry's lowest

'true-measure' height range. It offers electric height adjustment, a fully electric salon top and well-situated tilt-out storage spaces for extra storage and convenience. Options include the super soft and comfortable Strata GT Spa Mattress that provides the perfect balance between softness and response, a heated top, designer laminates, luxury upholstery, tilt-out cabinets to name but a few.

Now the luxurious Strata Cloudfill™ Mattress is supplied as standard with EarthConnect™, offering a healthier treatment experience with LEC's patent pending, grounding technology and EMF protection.

EarthConnect – LEC's EMF protection and grounding feature. A copper infused layer integrated into the mattress, blocks EMF generated by AC motors, while a conductive strip in the table's mattress connects both client and therapist to the grounded wiring built into the spa's electrical system. Grounding is believed to neutralize free radicals that accumulate in our bodies by reconnecting us to the Earth's electric potential, thus stabilizing the electrical environment of our organs, tissues, and cells and reducing acute and chronic inflammation.
