

Watson Backwash Unit

Product Code: 61704C

\$6175.00

(Ex Tax & Delivery)

Cindarella
PARIS

Design Backwash unit, created by Julie GAILLARD, a design featuring neoclassical lines blending harmoniously with modern geometrical shapes. Rear casing made of black or white epoxy, deep white ceramic tilting bowl, fitted with MC3 mixer tap. Steel structure, fixed seat and backseat, made of beech plywood clad Bultex foam. Simple topstitching, matching shades or contrast stitching. Removable cover by upholsterer. WATSON backwash unit can be supplied with its injected foam and steel strapping legrest for client's utmost comfort. Water supply/drainage system recommended through the floor. Delivered assembled ready for installation by a skilled Professional. Selection of fabrics from the CINDARELLA range. Seat steel structure colors epoxy black/white/gold/powdery pink.
