The Club Chair LE™ from Living Earth Crafts is the industry's most compact luxury mani/pedi chair. The Club LE features a retractable, motorized, fully plumbed pedicure bowl. With a retracted footprint similar to that of a standard armchair, the Club Chair LE is an incredible space saver, and an easy replacement for uncomfortable banquettes. Its versatility maximizes revenue through flexible scheduling for either manicures, pedicures, or express combo treatments. This luxurious, bespoke chair is hand upholstered from a broad array of fabric selections and finishes. Electronic chair, bowl and footrest adjustments enable perfect client and technician ergonomics. The hidden pedicure unit features whisper quiet, reliable pipeless hydrotherapy, and is packed with practical features including a hand sprayer, power remote drain, and convenient plumbing connects.
