WOODWAY

The 4Front treadmill is the culmination of 40 years of WOODWAY design and innovation. There are conventional treadmills and then there are Slat Belt treadmills by WOODWAY. Our rubberized slats absorb footstrike which makes running on the 4Front nearly silent. The belt glides which results in years of life with very little maintenance and up to 50% in electrical savings. There is also no need to adjust and tension the belt as our design utilizes tracking rollers and a toothed pulley. The all new Slat Belt improves upon the industry's best running surface with a unique hexagon design and moves the logo to the sides, improving the wear pattern. The result is a running surface that can incur five times more usage without signs of visible wear. The lowest maintenance and lowest total cost of ownership of any treadmill.

Features:

- ✔ Coded/Non-Coded Polar Heart Rate Pick-up
- ✔ Slate Grey Handrails
- ✔ Touch Grip Heart Rate Pick-up
- ✔ Efficient AC Brushless Servo Motor
- ✔ 0-12.5 MPH (0-20 km/h)
- ✔ LED Display Board
- ✔ ANT + Heart Rate Pick-up
- ✔ CSAFE/FitLinxx Compatible
- ✔ 0-15% Incline

Specifications:

- ⚙ Length: 1930mm
- ⚙ Width: 890mm
- ⚙ Drive System: 114 Precision Ball Bearings with 12 Roller Guides (4mm lateral tolerance)
- ⚙ Running Surface Dimensions: 550mm x 1730mm
- ⚙ Drive Motor: 2 hp Continuous (5 hp peak) Brushless Servo
- ⚙ Running Surface: Vulcanized Rubber (38-43 shore tolerance)
- ⚙ Height: Standard - 1630mm and 1880mm with Entertainment
- ⚙ Weight: 445 lb (553 lb shipping)
- ⚙ Belt Type: 60 Individual Slats
- ⚙ User Weight Capacity: Run: 500 lb/Walk: 800lb (4 mph max)
- ⚙ Power supply: 115 Vac 20 Amp Power Supply (Dedicated Circuit & NEMA 5-20R Outlet Receptacle Required)
- ⚙ Warranty: 5 year drive, motor & belt, 3 year all components, 1 year labour
