OAKWORKS Spa

There is a certain strength in simplicity. The Seychelle is a great choice for outdoor areas that are protected from the elements, or when a basic, no frills table will work well. This knock down design ships inexpensively and is very economical. Of course, the Seychelle doesn't sacrifice beauty or convenience to achieve these attributes, since its round corner top, storage shelf and accessory outlets make it an extremely well rounded choice for even the most demanding customer.
