Helvetica Swiss Shower

Product Code: 9BD328

POA

(Ex Tax & Delivery)

aquaform

The Swiss Shower offers an extraordinary fusion of the elegant experience of the emotional shower and the toning benefits of targeted massage. Completely enveloping the person with water, this experience provides a invigorating and refreshing effect on the muscles through its water jets. The heart of the Swiss Shower lies in its lateral jets, carefully designed to provide a toning massage to specific areas of the body. This targeted approach is ideal for releasing accumulated muscle tension, offering effective relief and contributing to overall relaxation. The combined effect of the emotional

shower and the lateral jets also promotes the reactivation of blood circulation. This stimulating process is essential for improving the flow of nutrients and oxygen to the tissues, promoting a sensation of vitality and well-being. What makes the aquaform Swiss Shower even more extraordinary is the presence of 4 distinct dynamic programs: Sport, Relax, Balance, and Energy. Each program has been specially designed to offer a personalized treatment, catering to the diverse needs of users. Whether it's promoting muscle recovery after physical activity, creating a relaxing atmosphere, maintaining balance, or energizing the body, the Swiss Shower adapts to every mood and objective.
