

MLX Limber with Storage

Product Code: A2224F

\$9420.00

(Ex Tax & Delivery)

Perfect flexibility now has a name: MLX Limber! Gharieni's new wellness table allows for treatment positions that are unique - for treatments without limits!

Uniquely flexible

With the MLX Limber series, Gharieni has ushered in the next generation of treatment tables. Incredibly flexible, it not only allows a seat, half or Trendelenburg position. With

its three models, the Limber offers the right chair for every need: from classical massage treatment to special treatments. The "Limberflex", the absolute star among the three Limber variants, offers not only an infinite number of adjustment possibilities but also a modified roof position. This setting is made possible by the patented armrest pairs, which can be lowered on both sides. The MLX Limber is thus usable on both sides and becomes a multifunctional bed of unrivaled flexibility which opens up new dimensions in the treatment.
